\$500 TO FARMERS FOR LOSS BY DOGS

Says Spraying Removes Menace to Apple Growing

Sheep Suffer Most from Canines' Attacks—1,092 Crows Killed in Co.

Checks aggregating \$497.48 were sent out from County Clerk Howard Lee's office Thursday for damages done to livestock in Rock county since last January. The loss to farmers was principally on sheep, attacked by dogs.

Crow bounties totaling \$158 are paid at this time, the largest part of the amount going to Magnolia township, where 1,092 crows were killed, giving them \$109.20 at 10 cents a crow. Avo is paid \$27.40, and Milton \$1.40.

There is a big hatch in Magnolia where many crows live. Carrying out the orders given by the county board, checks for \$275, representing the last quarterly payment for aid, were sent to blind persons of Rock county Thursday by County Clerk Lee.

The board at its November session authorized payment of the money in spite of the ruling by the state and district attorney that it was not lawful because there was a lapse of time between the repeal of the old law for state aid to the blind and passage of the new law.

Board members felt that the money was available and that the blind who need it most should not be robbed because of a technicality of law.

SUIT OVER MILK IS DISPOSED OF IN JUSTICE COURT

In a suit in which Leo Burns sued the Bays Creamery company for the difference in a milk check, in Justice Charles Lange's court Thursday, a judgment of \$55.02 was given in favor of Burns.

Burns claimed that the milk was bought under a flat contract of \$2.75 per hundred, while Bays claimed that he had purchased the milk under a contract whereby he was to pay \$2.75 per hundred for milk that tested at least 3 per cent. If it fell below that, payment was to be made on the basis of the new law.

For the month of August the milk averaged 3 per cent, which would comply with the statute, but the milk for the first 12 days of September averaged 2.5 per cent, it was shown. Bays paid for all the milk on the basis of his posted price—\$3 per hundred for 4 per cent milk, with a 7 1/2 cent variation for each one-tenth of a per cent.

The court decided that Bays must pay for the milk delivered in August on the flat rate of \$2.75 per hundred and that the amount that he paid for the September milk would stand. Judgment was granted in favor of Burns for \$55.02 and the cost of the action, which has not yet been determined.

HANOVER
Hanover — Mr. and Mrs. John Fiebert and family entertained at dinner Sunday for Mrs. William Schaefer and daughters, Viola and Vivian, Gilbert Dahlon, Mrs. C. Stuvengen, Hannah and Charles Stuvengen and Laura Johnson. Mrs. and Mrs. Tullie Everson spent Sunday with their families.

Sherman Raymond and son, Ivan, were callers Saturday in Janesville. The largest attendance the Farm Bureau has had since its organization was held Monday night in the M. W. A. hall. A program was given by local talent, conducted by Mrs. Allen Long. Those who assisted were Mrs. Conrad Eison, Misses Schuman and Klein and Messrs. Carlson and Tracey, vocal selections. Mrs. John Fiebert was at the piano. Friends were given by Misses Alice Finnane and Elizabeth Lewis. Miss Klein danced while Allen Long assisted by the Misses Schuman, presented a Hawaiian musical selection. Miss Ferns Clever gave a whistling solo. A one act dialogue was given by Misses Zulkie and Timm and Messrs. Rote and Timm. —Herman Grunwald, Janesville, was a guest Sunday at the home of Charles Vadel. —Warren Keller, in Ill.—Misses Mary, Alice, Josephine and Sadie Finnane were visitors Friday in Rockford.—John Ostrander suffered a stroke of paralysis recently.

FINDS TREATMENT FOR CHILD MALADY

Dr. S. Marbas.

In a recent report before the Academy of Medicine in Paris Dr. S. Marbas of the Pasteur Institute in the French capital, demonstrated a successful treatment for the disease known as "puerperal fever," a disease which has long reigned havoc among newborn babes. He claims that the injection of arsenobenzol into the veins of the tiny patients every two or three days reduces and eventually wipes out the disease.

3 Towns Asked to Raise \$600 for Salvation Army

Miss Mabel Fresh, Milwaukee, is in Rock county this week making arrangements for the belated campaign in behalf of the Salvation Army in Edgerton, Evansville and Milton. These communities are asked to contribute \$200 to complete the quota assigned for the northern half of Rock county. If the co-operation of the citizens makes a successful drive possible at this time, the Janesville advisory board promises that Salvation Army workers will not make collections in these towns during the year.

City Sealer Test Here, Saturday

Applicants for the office of city sealer of Janesville, a part-time post with an annual salary of \$800 instead of \$1,000 as formerly, will write on a civil service examination at the high school here at 1:30 p. m. Saturday. The test will be under the direction of Senator A. B. Gary, Edgerton, secretary and chief examiner of the Wisconsin civil service commission. City Manager Henry Traxler is expected to make the appointment from the list of successful candidates.

There are so many ways to serve Kellogg's Bran—the one great aid to humanity!

You will enjoy eating Kellogg's Bran because its nut-like flavor appeals to the taste. And, think what each mouthful is doing to drive constipation out of your system and to re-establish health! That's because it is ALL BRAN. Kellogg's Bran is scientifically made to relieve suffering humanity—IT WILL DO THAT AS NO OTHER FOOD CAN!

Physicians recommend the regular use of Kellogg's Bran for mild or chronic cases and as a preventive. Bran, eaten each day and in proper quantity, sweeps, cleanses and purifies the alimentary tract.

Get away from pills and cathartics—Kellogg's Bran will give you permanent relief from constipation.

Do not confuse Kellogg's Bran with common bran. Kellogg's is cooked,

crumbled and ready to serve. It can be used in the most delightful baking products without in any way reducing its regulatory value. Try raisin bread or muffins or griddle-cakes made with Kellogg's Bran. Recipes are printed on the packages.

Kellogg's Bran is nationally eaten for health's sake as a cereal—in winter time with hot milk. Others prefer it sprinkled over hot or cold cereals. Another way is to mix it with hot cereals just before serving. It can also be cooked with cereal. In each case add two tablespoonsful of Kellogg's Bran for each person in chronic cases as much with each meal.

Kellogg's Bran is sold by all grocers and is supplied in individual packages at first-class hotels and clubs. Ask for it at your restaurant!

BUILDING UP OF DEFENSE IS URGED

General Pershing Advocates 150,000 Regulars, Guard of 250,000.

Washington—The condition of the national defense system "presents a serious problem which should receive thoughtful consideration from every responsible citizen," General Pershing declared today in what will be his last annual report as chief of staff of the army. By the time the next report is due, the former commander of the American Expeditionary Forces will have reached the retirement age of 64.

General Pershing devoted his report largely to the question of the creation in time of peace of a corps of officers to instruct our men and to lead them in battle.

"With a full appreciation of the need for economy, I urge that the regular army be brought back to the strength of 150,000 enlisted men and 12,000 officers; that it be suitably housed and enabled to conduct annual maneuvers on a moderate scale; that the National Guard be given the support necessary to permit its progressive development toward a strength of 250,000; that the skeleton organization of the organized reserves be adequately maintained; that the funds appropriated permit reserve officers to receive an average of 16 days training in each three or four years; that the Reserve Officers' Training Corps units be further developed, and that provision be made for a gradual increase in the number accommodated annually in the citizen military training camps.

The officers' reserve corps now consists, General Pershing said, of approximately 77,000 officers, of whom 50,000 are war veterans. Annual replacements of at least 7,000 second lieutenants must be provided to maintain the corps, and this year only about half that number were commissioned from the reserve officers' training camps and other sources. During the last fiscal year there were about 92,000 regulars and 160,000 National Guardsmen in continental United States, or a decrease of 20,000 from the strength of those two elements of the army that existed in 1921.

"We cannot contemplate a further reduction," General Pershing declared.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 25 leading universities and found to be superior to 16 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, F. D. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

County Is Paying \$25,000 Interest on Highway Bonds

Twenty-five thousand dollars interest on \$1,000,000 worth of highway bonds of Rock county, now outstanding, is being paid rapidly by County Treasurer Arthur M. Church. The interest coupons were due Dec. 1 and to date more than \$15,000 of the \$25,000 interest has been paid. Dec. 2 brought more than \$10,000 worth of coupons for payment.

As a result the disbursements for the county in December will be one of the largest of the year. In five days of this month disbursements have totaled \$41,883.33.

The balance in the treasury Dec. 1 was \$22,326.27 according to figures given out by Mr. Church. Receipts during November totaled \$21,930.86 and disbursements amounted to \$64,149.58.

FOOTVILLE BOOZE CASE DISMISSED

Large Percentage of Village's Population on Hand for Hearing.

With a large representation of spectators from Footville filling the courtroom, the examination of Norton Christensen, Footville, charged with liquor possession, was conducted in municipal court here Friday morning and came to an abrupt climax when Judge H. L. Maxfield entered an order dismissing the defendant at the close of the hearing.

The court held the evidence insufficient to indicate even reasonable or probable guilt on the part of Christensen. It was held that the state produced evidence to show that the defendant had been in possession of one percent alcohol, also that there was nothing to connect the defendant with the presence of the evidence in his machine to that his brother had driven the car down town the night the arrest was made.

Village Marshal John Rowald testified for the state under questioning of Dist. Atty S. C. Gundwilde, while the defendant's only witness for the defense, John Gross, Jr., was his attorney.

Marshal Rowald told of finding a jar in Christensen's car containing a small amount of whiskey and the strong grape wine. The evidence was introduced.

The big Footville delegation came also to hear the trial of Fred Zwick on an intoxication charge but they were disappointed in this when the case was adjourned to Thursday, Dec. 13. Mr. Rowald is the complaining witness in this case also.

MELLON AGAIN URGES CUT IN TAX FIGURES

Washington.—Secretary Mellon, in his annual report transmitted to congress, described treasury operations under which the government had received \$1,574,343 in the fiscal year 1923, and again urged a sharp reduction in taxation based on rigid economy and barring "authorizations for new and unexpected expenditures."

The report contained a copy of Mr. Mellon's letter to Acting Chairman Green, of the House Ways and Means Committee, in which the secretary said "a solid basis must be found for many years to come."

To the usual review of official activities under his direction, Mr. Mellon attached additional argument for the general reduction in income taxes which he urged. He particularly stressed the advantage which he has predicted would come from cutting the surtax rates upon large incomes to a maximum of 25 percent, on the ground that it would actually increase government income, as well as indirectly benefit the public at large by reducing burdens on productive operation.

The government's financial establishment on the basis of balancing its budget each year," Mr. Mellon said, brought the national debt, once at a figure of over \$20,000,000,000 down to a total of \$22,082,208,000 on Oct. 31. The record, he said, was brought about "only by the most rigid economy and the application of business principles to the government's finance."

On the present basis of taxation and expenditure, he cited an estimated treasury surplus next July of about \$320,000,000, and a possible surplus in the year after of \$395,000,000.

TWO PATIENTS HAVE TONSILS REMOVED

OBITUARY

Harvey Thomas, Indian Ford, Edgerton.—Funeral services for Harvey Thomas, who died at Indian Ford, Wednesday, were held at the home of his son, Frank, at Indian Ford at 2 p. m. Friday. The Rev. F. W. Schoenfeld officiated. Burial was in Fasset cemetery.

Mrs. Desale Messenger, Whitewater.—Mrs. Desale Messenger, 60, died at 7:30 p. m. Thursday at her home in Whitewater, after a long illness. She was the wife of the late George Messenger, an upholsterer, who died about 20 years ago. She is survived by one daughter, Ruth. Funeral services will be held at 2:30 p. m. Sunday at the Methodist church, the Rev. Allen Adams officiating. Burial will be in Hillsdale cemetery.

Frank Heddies, Edgerton.—D. Frank Heddies, 52, a former lumberman of Edgerton, died Nov. 29, at his home in Phoenix, Ariz., after a lingering illness. He was a brother of the late Willard Heddies, Madison, who was president of the Heddies Lumber company, which operated several yards in southern Wisconsin.

He is survived by his wife, a daughter, Catherine; a son, John, and a sister, Mrs. Lella Wilcox.

Funeral services were conducted by the Masons and burial was at Phoenix.

Bendell Amuses 450 People with Impersonations

In a number of impersonations, both of a comic and serious nature, Roy E. Bendell, who appeared at the Methodist church yesterday night as one of the Lyceum course entertainers, presented an educational as well as amusing program. The final number, that of an impersonation of Abraham Lincoln, was by far the most striking and the deliverance of the Gettysburg address was given an atmosphere of reality.

Comic impersonations were those of an English duke, who is tired of life, and of an Irish boy who has been disappointed in love.

"Tradin' Joe," one of the most popular of Riley's poems, was recited in costume, and with the proper dramatic actions, was the most popular number with the audience.

In a short talk between impersonations, Mr. Bendell spoke of the spread of crime among children, and considered the causes assigned to it by various groups of persons. In answer to those who lay the blame onto the school teachers of the country, Mr. Bendell said that the school teacher does a mighty good job, considering the raw material which he sends them from some of our homes. Pointing out almost the same facts which Judge Marvin B. Rosenberry did last Sunday, Mr. Bendell stated that it was his wish that some of the old-fashioned training of children might be restored, but revised to meet the needs of the present time.

Four hundred and fifty persons attended the entertainment. The next number of the Lyceum course will be the Troubadour male quartet, which will be here on Jan. 7. The last entertainment will be on Feb. 22.

SHOPPER CHURCH SERVICES.—Shoppers.—The Rev. F. C. Zoeb, pastor of the Methodist church, will preach a sermon "Paying the Price," at 10 a. m. Sunday. Sunday school at 11 and Epworth league at 7 p. m. Topic, "The Epworth League the World Around," with Grace Walte, leader. The Ladies' Aid society of the Methodist church will hold its annual bazaar and refreshment dinner at the church Friday, Dec. 7.

Tire Stolen.—A. L. Mace reported to police the theft of a 33x4 cord tire from his car, parked on North Bluff street.

BAN CARD PLAYING IN POOL ROOMS

Two Proprietors Arrested Under City Ordinance—One Is Fined \$25.

Police have clamped the lid tight on card playing in licensed pool and billiard halls in the arrest Friday of W. A. Knipp, proprietor of a billiard establishment at 413 West Milwaukee street, and Clayton Spaulding, 24 North Academy street.

Knipp, arrested by Patrolman James Ward, pleaded guilty in municipal court Friday morning and paid a fine of \$25 and costs under a city ordinance. Spaulding, arrested by Patrolman Walter Preece, was to be arraigned on a similar charge Friday afternoon. City Attorney Roger G. Cunningham appeared for the city in both cases.

The charge against Knipp was made under section 14 of ordinance 125, regulating the operation of pool and billiard halls, and bowling alleys, recently adopted by the city council.

The charge reads as follows: "That the said W. A. Knipp . . . did play at cards for money, merchandise or credit, in a room connected with the place of business operated by the said W. A. Knipp as a pool and billiard establishment at 413 West Milwaukee street in said city."

A similar charge was lodged against Spaulding.

Spaulding pleaded guilty when arraigned Friday afternoon and paid a fine of \$25 and costs.

Kiwanis Ladies' Night Banquet Is Gay Affair

Always the social event of the club year, the Ladies' Night program of the Janesville Kiwanis club, Thursday night, at the Chevrolet club, climaxed the season with the enjoyment of 158 men and women.

In the beautiful dining room of the club, decorated with blue and white streamers, a three course dinner was served at 7:30. The guests were regaled with community singing, led by the club song leader, Dr. Thomas Snodgrass, with piano accompaniment by Kiwanian William Bennett.

Departing from the usual custom, the club dispensed with a speaker and presented a musical program and entertainment hard to surpass. The Kiwanis quartet, composed of Drs. T. P. Snodgrass and S. P. Richards, David Drummond and Arthur Schooff, sang favorite selections. Mrs. Leo Atwood sang "Jamie, Come Home," and an ensemble, "The Song of the Sea." Mrs. Lyman Jackson, who also assisted in the presentation of a duet, "Sherzo," Schuetz, by Mr. and Mrs. Eber Arthur. The beautiful selection chose Mrs. Arthur Williams, to be sung by Arthur, with the cello, an opportunity to show their talent.

Responding to repeated encores, James Goddard, a Kiwanian of Bloomington, Ill., and formerly with the Chicago Opera company, sang several negro spiritual songs, closing with "Lucky Jim," the most popular number given. Mr. Goddard has become a favorite with the Janesville Kiwanis club during his visits to Janesville.

Kiwanian Frank Hayes, in delivering the toast to the ladies, made an expose of faults of wives in general. His talk was one of the most pleasing features of the program.

Henry Rogers, Racine, treasurer of the district Kiwanis clubs of Wisconsin, vindicated the introduction of President Harry Hargart as the finest important club during his visit to Janesville. He was not satisfied when he had given four selections, three in German brogue.

The serious note at the banquet was struck by President Hargart in welcoming six new members into the Kiwanis club. These are Edward H. Gibson, William A. Kardux, Phillip B. Korst, C. Winthrop Metcalf, Henry Tessler, and Oscar H. Yahn. Mr. Hargart declared the deepest understanding of Kiwanis comes from the heart and not from the tongue.

"We gain a knowledge of what it is from what it does. Kiwanis works for the achievement of higher standards in the community, our city, our state and our country," the president said. "It is composed of men who have an honest unashamed desire to be of service to someone else."

Prizes were given Mrs. Rex Jacobs, George Jacobs, Neil Klingman, Harry Hargart, Fredon Nowell, S. P. Richards, Joseph Weber, William McCue, Dr. Irving Clark, L. I. Stewart.

Charles Boutin, Will Clinton, Frank Trevorrah and Miss Olson.

As the closing number on the program, stars of the past three minstrel shows gave a group of the hits scored at the performances.

Dancing until 1 o'clock was enjoyed, with music by Oscar Hoel's orchestra. Guests from other Kiwanis clubs were Mr. Rogers and Grover Miller, Racine; George Blanchard, Edgerton; and S. O. Klinger and William Tucker, Beloit.

Firing Squad of Legion Has Drill

Twelve members of the Richard Ellis Janesville post of the American Legion renewed acquaintances with the army rifle, Thursday night, when they participated in the first drill of the new drill team at the armory in the old high school. Under the captaincy of Leo Ford, the local legion is preparing a drill team for exhibition purposes and a firing squad for funeral ceremonies.

The squad went through the manual of arms under direction of Capt. Perle Grimshaw and Sgt. Frank Ryder of the local tank corps. Sgt. Ryder usually had charge of the tank firing squad.

The team will meet every other Tuesday at 7:30 p. m. Enthusiasm is high.

Those present Thursday were L. J. Brown and Bill Moore, color guard; Rush Berg, bugler; and Dewey Oberholz, Steve O'Connor, A. C. Woodman, Willard Schmidt, T. Byrne, Steve Gehrand, D. J. Belt and Ralph Loucks of the firing squad.

Women teachers in the United States outnumber the men by six to one.

BRAZILIAN INDIANS USE POISON DARTS

"Toothpick-Shooting" Natives
Use Venom That Causes
Painless Death.

Washington—Daniel Boone would have preferred to fight the noble Redskins and his flint-tipped arrows to meeting a tribe which shoots with poisoned toothpicks. Such a tribe is the unknown Amazon frontier, the unknown Amazon valley, according to latest dispatches which filter out of Brazil.

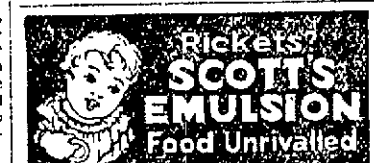

The Brazilian government is supporting the Indians, but this is because the white men invading the last frontier are not energetic pioneers like Daniel Boone, but are desperadoes, contraband runners and clandestine gold miners. The seat of the trouble is on the north border regions along Venezuela and the Guianas, which is described as follows in a bulletin from the Washington, D. C., headquarters of the National Geographic society:

"Toothpick-shooting natives are not the only hazard of the Amazonian jungle. It is one thing to label a tree, 'KILLED A BIRD' and quite another thing to carve a trunk with this legend, 'KILLED A BOA CONSTRUCTOR'."

Secret For Centuries.
"Since 1539, when Orellana, one of Pizarro's followers in Peru, sailed down the Amazon, while men have been curious to know the secret of the poisoned darts which kill an ox in 20 minutes and a monkey in 10. Only a few tribes can make the strange poison, the formula of which is still a secret to white men after 400 years' search. One German scientist spent two years with one tribe in the fever forests of Brazil, saw them make 'urui', as it is called, but finally had to leave—without the secret."

"Urui is supposed to cast out fear and produce death without pain and is probably the same as the drug 'curi' recent dispatches have told about."

"Dever Austin Cobb wrote to the National Geographic society that the poison, shot through blowpipes, consists of a point of wood or bone, not more than an inch long and the size

WOMAN OPERATES POSTER BUSINESS

Mrs. Caroline Jones.

Mrs. Caroline Jones, of Rome, Ga., owns and operates an advertising poster business. Following the death of her husband she undertook the management of the plant and has made a success of it.

"Later he observed the effect on a deer. After deliberate aim our hunter fired. The animal gave a slight start, as he felt the prick of the arrow, on his flank. At the end of a minute, or a minute and a half at most, his head dropped a little, as if he were sleepy. When the

"Prize, Freedom Stones.
"Frontiersmen must have a prize to make them dare dangers of a new land. Once again the prize is gold and precious stones. Brazil has heavy export taxes on gold, precious stones, and other products. Desper-

hunter saw this he rose and stepped out in plain sight. The deer turned his head and looked at him. Soon he moved forward, not away from him. After another minute the professor and I rose, and all three walked quietly to within reach of him."

"He made no movement to run away, but watched us intently, and shifted his position a little. Absence of fear was the only observable change, until at the end of three minutes more; then it laid down, not falling but as naturally as a cow of sheep when ready for sleep. We all approached to its side and the hunter laid a hand on its shoulder. It looked up at him but showed no resentment nor fear. Eighteen minutes after it was struck it was dead."

"Poison is a favorite weapon of the Indians which Amazon frontiersmen must meet. They even use it to catch fish. First they dam up a creek and then dump a moderate poison in the water upstream. Soon the fish come to the top and the natives scoop them into a basket, thus collecting a week's supply of food in a few minutes."

adoes from the penal colonies in the Guianas are slipping over the border, according to dispatches, paying gold, mining rare stones, even removing valuable timber and running off cattle on isolated ranches, to smuggle the loot out of the country, thus escaping the export duties.

"Export duties had a different effect on the east coast of Brazil in the coffee country. English capital built the coffee railroad from the port Santos to Sao Paulo, the world's chief coffee city. It is said that duties led the railroad's owners to put much of their profits in improving the railroad, which now has the reputation of being one of the best equipped lines in the world. An American engineer, asked if he could suggest any improvements, replied: 'Not unless the ends of the rails could be curved or the rails set with diamonds.'"

"The great Amazon river was actually named in the belief that a ferocious tribe of wild women, similar to the mythical women of that name, lived on the banks of the

HOPE FOR SUCCESS IN RINK PROJECT

Believe Good Skating Surface
Possible by Spraying
Field First.

City officials are hopeful that they can make a success of the skating rink project at the high school athletic field this winter and have made plans in advance so as to be ready for flooding when cold weather arrives.

It is planned to select the first extremely cold day for spraying the tract with water so that the surface of the ground will become thoroughly frozen and covered with a thin layer of ice. This method may be continued two or three times, then a mild day will be chosen for flooding with several inches of water in the hopes that it will not freeze in ripples thereby making a rough surface.

Once a good skating surface is obtained, it is proposed to keep it clear of snow. The north and west sides of the big field have been diked by city workers and terraces form the walls on the other two sides.

In the past it has been found difficult to make an artificial skating rink in Janesville because of the high temperature of the water which runs around the city. The water would thaw the ground and soak into it before freezing but it is claimed this can be overcome by using the spraying method. First, moderate success was experienced by using this scheme on the old Y. M. C. A. tennis courts early this year.

Feeding of "sleepers" at the city hall lockup is expected to be resumed as soon as the nightly enrollment becomes large enough to warrant. The largest number recorded for any one night up to Thursday was Wednesday night when six took advantage of the free "bops."

The local agents of Elka will finance the providing of breakfasts to these men during the winter, "the same as in the past three years," the police department administering the food which comes in the form of large quantities of coffee and rolls.

One of the visiting wanderers this week was a man 76 years old, having only one arm. All kinds and ages of weary wayfarers check in for the free "beds" and breakfasts in Janesville every winter. When warmer weather arrives they either get work or sleep out in the open.

GERMAN GOLD HILLS.
The German newspaper descriptions of the new gold Treasury bills which have been bridged over the period before the issue of the new currency in Germany refer to them as "Schatzanweisungen deutschen Reiches." They contain a promise to pay the amount of the note on April 15, 1925, in a draft on New York or in gold.

This is accompanied by a statement that the Reichsbank guarantees such redemption. The gold loan notes are to be repaid by the new currency at par into the new Reichsmark.

JEFFERSON COUNTY

FT. ATKINSON

JEFFERSON

Fort Atkinson.—The "Lend a Hand" society met Thursday, in the Congregational church parlors. The work during the afternoon was making of Christmas stockings for the hungry Christmas evening. The Misses Agnes Snell and Esther Haught played a violin duet, accompanied by Miss Maudie Snell at the piano. Mrs. Paul Junius gave vocal selections, with Mrs. Robert Haide accompanist. Lunch was served. The hostesses were: Mrs. J. B. Polo and Mrs. Orlan Krippler. Hostesses for the meeting, Dec. 20 will be Mrs. W. G. Evans and Mrs. C. E. Masters.

The W. L. C. held its annual election of officers, Tuesday, electing Mrs. Gertrude Foundry president; Mrs. Alma Hanz, senior vice president; Mrs. Lena Rheineck, junior vice president; Miss Beth Wines, treasurer; Mrs. Lois May, conductor; Mrs. Edith Kuntz, Mrs. Maggie Rheineck, delegate; Miss Flora Hazzett and Mrs. Annie Hensley, alternates; and Miss Jennie Sheldon, musician.

Mrs. Clayton Gillard, who has been in a Milwaukee hospital for some time, returned home Monday. Merle, son of Mr. and Mrs. Clayton Gillard, is ill with lung congestion.

The Ladies' Missionary society of the Congregational church will be entertained at the home of Mrs. George Allen, Friday, Dec. 14. The Rev. J. S. Morris will speak on "Dividing the Missionary Dollar."

Announcement of the marriage of Miss Mildred Lachus to Louis William Mott, Hammond, Ind., has been made. They were married in Chicago, Dec. 1, and will be at home in Hammond after Dec. 15.

The building formerly occupied by the Dr. Brown Candy company has been purchased by W. H. Miller. Clifford Mutton purchased the building occupied by McAllister Stores company.

Mr. and Mrs. Arthur Couture and two sons arrived at the home of Mr. and Mrs. W. D. Krebs, Thursday night, after an absence of two and one-half years in Greece. They returned from the Levantine.

BLIND VETERANS
DOING WELL AT
SKILLED LABOR

Berlin.—Men who lost their eyesight during the war to the number of 94, today find profitable employment in the Siemens-Schuckert Electrical Works in this city. They work on boring and stamping machines, and such has been their training that they labor successfully alongside of men whose sight is not impaired. That special device has been attached to the machines of the blind to protect them against accident.

LOVE TWICE DENIED IRENE CASTLE

Mrs. Irene Castle Treman McLaughlin, her two former husbands and the present, Below, at left, Vernon Castle, her first. Above, at right, Capt. Robert Treman. Below, at right, Maj. Fred McLaughlin.

Will Major "Freddie" McLaughlin, son of a millionaire Chicago coffee king, bring to Irene Castle Treman the love twice denied her? Those who know the famous dancer and screen star personally and through her appearances on the screen and on the stage are asking this as she and her third husband, McLaughlin, speed toward the South Seas on their honeymoon.

BUILDING AND LOAN ASSETS INCREASE

Jump 24 Percent in Year, Figures of Department at Madison Show.

Madison—Assets of building and loan associations in Wisconsin increased 24.4 percent during 1922, or from \$5,792,364, in 1921, to \$7,182,121, at the close of 1922, according to the annual report of the building and loan division of the state department of banking for last year, obtained from the banking department today. The increase in assets of the loan organizations amounted to \$1,389,757, the report shows.

A total of 115 associations existed under the state department at the beginning of the present year, according to the summary. They were located in thirty-three different counties, Milwaukee leading with one-half of all those in the state. That county had 59 building and loan organizations.

The number of loan associations in several other counties follows: Dane, 4; Eau Claire, 1; Green, 1; Kenosha, 2; La Crosse, 2; Manitowish, 2; Marinette, 1; Racine, 6; Rock, 4; Sheboygan, 4; Waubesa, 4; Winnebago, 2; Wood, 2. General revision of the loan law is recommended in the report. It also recommends that the associations be required to pay a fee for their supervision to help defray expense of examinations and that two examinations be made annually of each association.

During the last year, building and loan associations have greatly increased in number as well as in assets, the report declared. "The increase in number in some parts of the state, especially in Milwaukee, has caused the department considerable anxiety. It has developed that unscrupulous men have conceived the possibility of using the associations as an adjunct to some other business. The state law, as it stands today, is insufficient to protect the associations against certain exploiters and there is danger that losses may accrue."

JANESVILLE MAN IS SPEAKER AT BEE MEETING

Madison—Election of officers and appointment of standing committees were scheduled as the important business of the closing session of the annual convention of the Wisconsin State Beekeepers' association here today.

Other features of the closing session included addresses on subjects peculiar to the business of beekeeping by the following: W. A. Ross, Janesville; H. P. Wilson and T. Macklin, University of Wisconsin; George S. Demuth, Medina, O.; B. H. Jones, state department of markets, Madison; William Jacobson, Kaukauna; Louis A. Loboda, New Lisbon and C. D. Adams, state department of agriculture.

LIBRARY ADDS NEW BOOK ON INDIANS

Hanlin Garland, who has spent much of his life among the Indians of the west, and Frederick Remington, the foremost painter of Indian pictures, have combined their efforts in the writing and illustrating of a new volume added to the public library collection this week. The work is called "The Book of the American Indian" and with the illustrations and printing, will meet with wide circulation. The book is probably one of the most authoritative and accurate ever printed on the subject.

"My Experiences at Scotland Yard," by Sir Basil Thomson, head of the British Secret Service during the World war, has also been acquired recently.

OLD TIME DANCE AT EDGERTON, MONDAY

Leaver's Harp Orchestra is to be the feature of an old time dance to be given at Edgerton Monday night, December 10th. All the old dances, once famous with past generations, and including the square, circle two-step and round dances will be revived. This will be a good news to many residents of Southern Wisconsin for there are just lots of us who still love the old fashioned dance occasionally.

Monday's dance program will be held in Academy Hall and will start at 8 o'clock prompt. Don't fail to be there if you enjoy good dancing and delightful music.

Dix River Structure Will Surpass Roosevelt Dam in Arizona.

High Bridge, Ky.—Construction has been commenced on the Dix river dam, near here, which when completed will surpass the Roosevelt dam in Arizona, according to engineers. It will be larger and will be capable of developing 20,000 horsepower as compared with 23,000 horsepower of the Roosevelt dam. For the last 12 years engineers of international reputation have claimed the location an ideal place to build a high dam. The project, when completed about Feb. 1, 1925, will tower 270 feet between the rugged cliffs of Dix river gorge and will be the highest dam east of the Rocky Mountains. It is estimated that the cost will be \$7,000,000. More than 1,600,000 cubic yards of material will be used in its construction. It will be 700 feet thick at the base, tapering to 24 feet, and 750 feet wide at the top. Its backwater will form a lake 26 miles long, storing approximately 6,000,000,000 cubic feet of water. Scientific calculations were made for 12 years by prominent engineers from many parts of the world who checked and rechecked calculations and estimates and at last approved the hydro-electric development project. Arthur P. Davis, an engineer of international reputation, who planned and built the Roosevelt dam, is associated with L. F. Harza, and other engineers in building the Dix dam.

Verdict Given in Double Tragedy at Darlington

(SPECIAL TO THE GAZETTE)
Darlington, Wis.—That seven-year-old Mary McGowan came to her death accidentally at the hands of her father William J. McGowan, and the latter in a moment of temporary derangement killed himself, was the verdict of the coroner's inquest here Thursday night. The inquest was into the death of McGowan and his daughter, whose bodies were found Wednesday not far from the farm four miles south of Darlington. Evidence bore out the theory that the child was accidentally killed by the explosion of the father's gun while they were climbing through a fence while hunting, and that McGowan cruized by his dead then committed suicide. Funeral services for the two were held here Friday morning and burial was in the Darlington cemetery.

CASE AGAINST CATES DROPPED

Judge H. L. Maxfield on Friday granted a writ of Habeas Corpus for Attorney S. C. Dunneville for dismissing the state's case against H. L. Cates, Janesville, on the grounds that there was not sufficient evidence to support the charge of driving while intoxicated. It has not been determined whether Cates will be arrested under a city ordinance charging plain intoxication. Cates was picked up by the police after his wife had complained that he had gotten drunk and chased her into a neighbor's house, breaking a window and a door in an effort to reach her. She said he drove away in his car then and returned shortly afterward.

WILL FILL AROUND ATHLETIC FIELD

If present plans are carried out, 75 tons of dirt will be placed on the ground surrounding the high school athletic field this fall, so that grass seedling may take place in the spring. About 15 loads of dirt are now deposited there. The work will not interfere with the flooding of the athletic field for use as a skating rink this winter.

GERMANS ASK FOR THEIR MONEY'S WORTH OF MONEY

Berlin security police holding in line Germans seeking to exchange their worthless marks for the new "rentenmark" the new currency.

Germany now clings to the hope that the issuance of the new currency, the "rentenmark," backed by a gold reserve, will help lift that country out of the financial abyss into which it has plunged. The new currency is being circulated through the Rentenbank, recently organized. The present practically worthless marks will be declared out of circulation as soon as the country has had time to convert most of the paper into the new issue, it is said. The photo above shows eager Germans in Berlin, waiting in line to exchange the discarded paper for the new currency.

Like the Chocolate Cake of His Boyhood Days

YOU have heard your husband tell about the wonderful chocolate cake of his youth, with its thick, rich, real chocolate all over the top and down the sides. But he never says much about the cake—it's always the delicious chocolate he seems to crave.

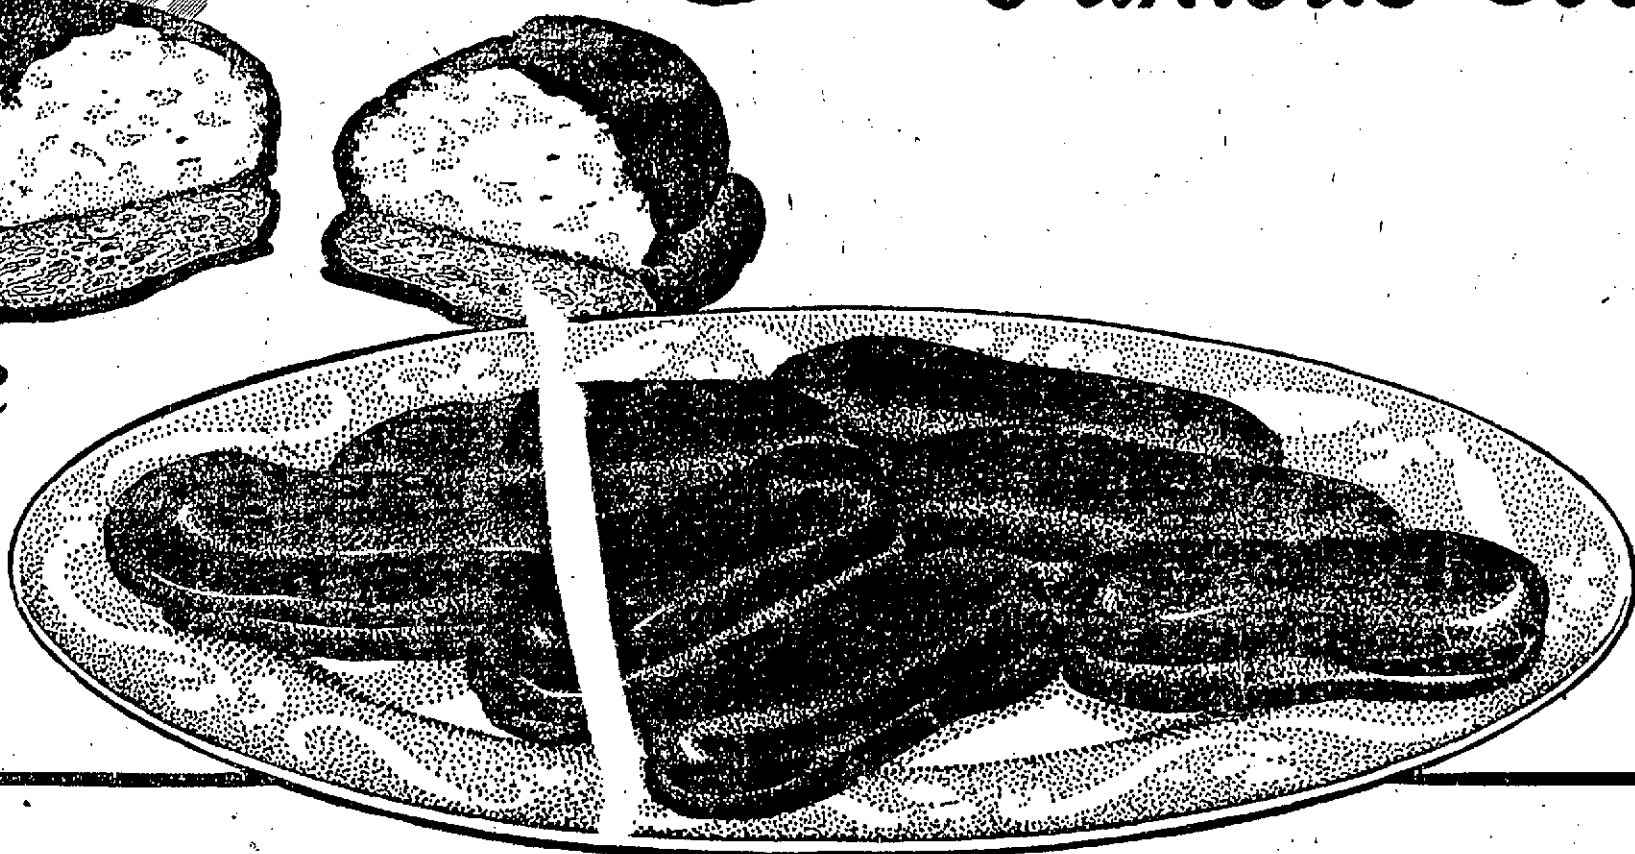

Why not give him again this never-forgotten taste-thrill of his boyhood? You can set before him to-night a plate of tempting cookie-cakes covered all over the top, sides and bottom with that same wonderful chocolate of long ago. Watch his face light up as he bites through that real chocolate coating, through the creamy marshmallow into the rich honey-cake itself. See him smack his lips.

This is the treat Johnston's Chocolate Eclairs will give him. They have the real, true chocolate coating of long ago. The name "Johnston's" impressed on the bottom of every piece is your guarantee that the coating is true chocolate, not imitation or cocoa.

Call one of the grocers listed below and order a pound of Chocolate Eclairs. Revive his "sweet" memories in a way that your entire family can enjoy.
